Jurisdictional Update

Task Force Vehicle Weights and Dimensions

Dec 2026

Regulatory Updates

- All changes to the National MOU have been updated in our Vehicle Regulations with the exception of:

  - Wide based single tires are permitted to operate at parity to traditional dual tires for the Island potion of NL only.
    - A permit is required
    - There have been no requests for permits at this time

Weighscale Bypass Program

- Drivewyze Pre-Clear is available at all weighscale locations
- This bypass program:
  - Reduces congestion at weighscale facilities
  - Allows inspectors to focus on carriers with a history of non-compliance
  - Increase efficiency for carriers

NL allows carriers registered for this program in other Canadian provinces to use the service in NL.

Newfoundland & Labrador

Special Permitting

- System Upgrade Underway
- Online permit applications and self issuance should be available by April 1, 2027
